Statement to members

Fingal Bay Bowls Sports & Recreation Club Ltd

As you are aware your board of directors are looking to move in a different direction with respect to the audit of the club. They feel that new auditors, with a different approach and input would be a better option for the Club in moving forward.

When voting at the meeting on 15th December I ask that you consider the fact that our firm has been associated with the Club since it's inception in 1988. Myself personally having been involved in some capacity for all but two of those years. The last eleven as the Club's lead auditor. We are a local small business assisting other local businesses and have remained loyal to the Club over that period of time.

I also understand that some members were unhappy with the fact that I did not attend the Annual General Meeting of the Club on 20th October. Unfortunately, this date clashed with a prior commitment that I had already committed to in early August, that meant I was going to be out of town for that entire weekend. With the benefit of hindsight perhaps I should have rethought this decision. I apologise if any members feel that I have let them down.

Whatever the outcome of the vote, I take this opportunity to wish the Club and its board well in all its future endeavors.
